## Presidents Position

by Dave Kalwishky

### Will this be our last year?

I wrote about this last January and I know several of our board members have approached some of you about stepping up and into some of the leadership roles within the chapter and so far no one is interested in taking on the positions that will vacate in December.

**This is part of what I wrote in January:**

*"2012 will be my last year as Chapter President. At the end of this year I will have been in this position for eight years and I think it's time for someone new with fresh ideas to take the reins of the local chapter. I don't plan on going anywhere; I'll still be involved with Young Eagles, I'd like to be a board member and I'll still be at the meetings."*

*If you have any interest in the president's position please let me know and we can talk about it. Remember, this chapter is for the members, without new blood and ideas we will fade away."*

Up for reelection in October will be the President (Dave Kalwishky) and

# Avionics Icon Ed King Dies At 90

By Larry Anglisano, AVweb Contributor

Avionics icon Ed King, who in the 1950s started King Radio in his basement, has died at age 90. Ed King once set the standard for which all general aviation avionics were judged. King eventually moved his King Radio business to a farmhouse in Lenexa, Kan., and then began an impressive run of innovative avionics products including the venerable KX170-series nav comm.

Ed eventually sold King Radio to Allied Signal Aerospace in 1985 but the Bendix/King division thrived and became part of Honeywell Aerospace. Honeywell recently announced a renewed dedication to bringing the Bendix/King line back to the level it once enjoyed with fresh new products promised in the coming year.

*Presidents position Continued from page 1*

Vice President (Ralph Briggs) positions.

I will not be taking on an additional term (as I wrote in January) and neither will Ralph, we've been at it long enough and it's time for new blood.

**Folks, this is a serious situation.** I've spoken to EAA National and without a president then the chapter will no longer be recognized and we will cease to exist.

We need two people to step forward and help keep the chapter alive or this will be our last year. We've been a chapter for 50 years but perhaps it's time for it to end.

**It is up to you as to whether we continue to be a viable chapter or not.**
